MUST WORK TOGETHER.

No town will become a good business center so long as its business men rely on a few merchants to make the effort to bring trade to town. Too often the men in a few lines of trade are about the only ones that reach out after custom. Other merchants wait until these men induce the people to come to town and content themselves with trade that naturally drifts to their place. A public spirited man should ask himself if he is doing his part to attract people to come to town to trade in helping the entire business community, and no town is a success unless all lines are working to extend the trade as far as possible and trying to bring a larger territory in the circles in which the town is the business center.

Then Mr. Mann, of Illinois, who was in the chair, took a hand in the altercation. Both men were ordered to their seats, Mr. Mahone obeying the command, while Mr. Gaines stood two seats away from the centre of the chamber shaking both fists and head at the Pennsylvanian.

When order had been restored Mr. Mahone again rose. Having been cautinoed by the chair that it was against the rules to address a member in the second person he measured his words saying he would speak in "the fourth person.", He then

"The charge of the gentleman from Tennessee that I am away from this House 95 per cent of my time is a deliberate falsehood." Senator Pettus Votes Alone.

By a vote of 70 to 1 the Senate passed a bill providing that railway employes engaged in the handling of trains shall not work more than 16 consecutive hours, which period is to be followed by 10 hours off duty. The one negative vote was cast by Senator Pettus.

This accomplishment was reached after an entire day spent in consideration of the subject. The parliamentary situation was confused dursubstitutes for the original bill, all M. Woods, G. G. Dowling. of which had to be disposed of.

Senator Overman on State's Rights. Senator Overman, of North Carolina, discussed States-rights and the tendency of the Federal government to encroach on them. He said that bills regulating child-labor in factories and mines of States (referring to the Lodge of Massachusetts, and Beveridge, of Indiana, measures) would not only stretch to breaking the commerce clause of the constithe rights of States and an assumption of the power which they reserved when the Tenth Amendment was adopted. "If Congress regulates cotton mills, why not let if regulate business generally," said the Senator. He favored reasonable child labor laws but they should be passed by State legislatures.

12,000 Acres Open to Entry. Washington, Special.-Upwards of 12,000 acres of land cast of the eastern boundary of the former Nez Perce reservation in Idaho has been thrown open to entry in the Lewiston Land Office. The land lies a few miles east of Kamiah and Kooskia on the Clearwater Shore Line Railway and much of it has been squatted on for several years. The State will reserve precedence of right of entry for 60 days, and in the meantime no fillings will be allowed at the land office except those offered by prior bona-fide homestead set-

CANAL BIDS OPENRD

Gost of Construction of Canal by These Contractors Would be \$9;-450.000 if Estimate of \$140,000,-000. Frequently Spoken of in Congress, is Accurate-Much Discussion Made as to Great Difference in the Only Four Estimates Submitted-Both Oliver and Bangs Have Done Much Important Construction Work According to Statement Submitted.

Washington, Special. - Proposals opened by the canal commission for the entire construction of the Panama canal were as low as had been expected by experts on construction work. For some time it has been known that several members of the commission balieved 7 per centum upon the estimated cost of the construction would be a fair remuneration for a contract, or under the form of contract prepared by the commission.

The lowest proposal, that of William J. Oliver, of Knoxville, Tennessee, and Anson M. Bangs, of New York city, who offered to do the work for 6.75 per centum of the estimated cost, falls even lower than had been hoped for.

Granting that the estimate of \$140,000,000 for the construction of the canal, which had been frequently spoken of in congress, is accurate, the remuneration of the Oliver-Bangs combination would be \$9,450,000 in case it were to be awarded the con-

William J. Oliver and Anson M. Bangs have both been in the contracting business for many years, and the statements they furnished with their proposal show that they have done much important work. Mr. Oliver states that he has completed \$18, 100,000 worth of work in the past ten years now has \$31,500,000 worth of work in progress. He gives his assets at \$3,000,000. Mr. Bangs

gives his assets at \$2,000,000. The other bidders were George Peirce & Company, of Frankfort, Maine and New York city, who offered to do the work for 7.19 per centum upon the estimated costs, the North American Dredging Company, of Los Angeles, California, who offered to do the work for 28. per centum of the estimated costs, and the McArthur, Gillespie Company, of New York, whose bid was 12.5 per

It was at 5:30 o'elock in the morning when 5,000 of the already half-starved strikers determined to turn back to work. The factory whistle was blowing and throngs of men were about to enter the open doors when they saw a squad of soldiers leading the condemned men to the ruins of the stores that had been razed by the mob. Placing the men on the piles of smouldering rubbish the soldiers stepped back the desired number of paces and the volley that followed closed this dramatic chapter of the strike.

HE LAXATIVE OF

KNOWN QUALITY

There are two classes of remedies; those of known qual-

ity and which are permanently beneficial in effect, acting

gently, in harmony with nature, when nature needs assist-

ance; and another class, composed of preparations of

unknown, uncertain and inferior character, acting tempo-

rarily, but injuriously, as a result of forcing the natural

fune ons unnecessarily. One of the most exceptional of

the remedies of known quality and excellence is the ever

pleasant Syrup of Figs, manufactured by the California

Fig Syrup Co., which represents the active principles of

plants, known to act most beneficially, in a pleasant syrup,

in which the wholesome Californian blue figs are used to con-

tribute their rich, yet delicate, fruity flavor. It is the remedy

of all remedies to sweeten and refresh and cleanse the system

gently and naturally, and to assist one in overcoming consti-

pation and the many ills resulting therefrom. Its active princi-

ples and quality are known to physicians generally, and the

remedy has therefore met with their approval, as well as with

the favor of many millions of well informed persons who know

of their own personal knowledge and from actual experience

that it is a most excellent laxative remedy. We do not claim that

it will cure all manner of ills, but recommend it for what it really

represents, a laxative remedy of known quality and excellence,

LYDIA E. PINKHAM

No other medicine for Woman's ills in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female illnesses or such hosts of grateful friends as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been curing all forms of Female Complaints, Inflammation and Ulceration, and consequent Spinal Weakness.

It has cured more cases of Backache and Local Weaknesses than any other

one remedy. It dissolves and expels tumors in an carry stage of development. Irregularities and periodical pains, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility quickly yield to it; also deranged organs, causing pain, dragging sensations and backache.
Under all circumstances it acts in harmony with the female system.

It removes that wearing feeling, extreme lassitude, "don't care" and

"want-to-be-left-alone" feeling, excitability, irritability, nervousness, diz-ziness, faintness, sleeplessness, fiatulency, melancholy or the "blues". These are indications of Female Weakness or some derangement of the organs, which this medicine cures as well as Chronic Kidney Complaints and Backache, of either sex.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want-a cure. Sold by Druggists everywhere. Refuse all substitutes.
